
Quest 0: Fire

Transforming Passion into Purpose

Time: 2-4 hours | **Reward:** 111 \$ReGen + 1 RVoice

Deliverable:

A video or article sharing your fire and passion

The Story

Before we can build anything new we have to be willing to let go of the old. Fire transmutes instantly. Stories, maladaptations, and perspectives that no longer serve us can be released in a single ceremony if we are willing. As our world gets more immersed in effective and personalized propaganda, Fire offers a different path: discerning truth directly, from our own relationship to ourselves and to life.

Step by Step

Step 1: Reflect

Spend time in quiet reflection. What issues, causes, or activities make you feel most alive? What would you do even if you weren't paid?

Step 2: Journal

Write freely about your passions, dreams, and what you want to contribute to the world. Don't edit yourself.

Step 3: Identify Themes

Look for patterns in your reflections. What themes emerge? What connects your various interests?

Step 4: Create Your Story

Craft a compelling narrative about your fire. This could be a 3-minute video or a written article.

Step 5: Share and Submit

Share your creation with the community and submit for review.

Tips

- Be authentic - there is no right or wrong answer
- Consider recording multiple takes and choosing your favorite
- Share from the heart, not just the head
