

ReGen Civics Alliance

**A Venture Fund for the
Regenerative Renaissance**

*All value comes from healthy land, healthy people, and
healthy relationships. We invest in all three.*

Bridging Trillions to Regeneration

\$130+ Trillion

committed to climate
action by global institutions

**Thousands
of Projects**

regenerative land projects
starting up worldwide, ready
to receive this capital

**ReGen Civics
= The Bridge**

connecting capital to
projects that need support

Target: Steward \$100B+ toward systemic regeneration

Why Good Projects Fail

The barriers that prevent regenerative projects from thriving

1. Isolation

Projects operate alone without shared resources or knowledge.

2. Funding Gaps

Individual projects too small for institutional investors.

3. Governance Failures

Misaligned incentives between investors and communities.

4. No Ecosystem

Like birthing a baby without functioning organs.

Key Insight: Projects keep failing because they don't have an ecosystem to support them.

Who Holds the Vote

Governance by Conviction — Four Groups, One Aligned Voice

Stewardship Council — 40%

Risk, Diligence & Advisory Council. Collects share of performance and management fees to aggregate collective needs and propose seasonal funding.

Investors — 20%

Capital contributors who fund the portfolio. Voice proportional to commitment and alignment.

Land Projects — 20%

Active regenerative projects in the portfolio. Voice earned through participation and impact.

Alliance Partners — 20%

Service and support organizations. Voice earned through contributions to the ecosystem.

All decisions require 90% unity consensus — ensuring every major move has broad support across all groups.
